- 14 MEET THE PRACTITIONER**
Subhashis Basu
 Rebecca Ghani asks Dr Subhashis Basu about his role as academic specialist registrar in occupational medicine.
- 15 FEATURE**
Practitioner Health Programme
 The NHS Practitioner Health Programme provides confidential support for London-based doctors and dentists struggling with mental health or addiction problems. Rebecca Ghani examines its work and the challenges it faces.
- 22 FEATURE**
The business case for OH. Part 2 – long live the ROI
 Andrew Gilbey takes a fictional company and explains how its OH services might make the case for investing in a project to reduce the organisation's sickness absence burden.
- 27 SURVEY**
OH pay and benefits 2014. Part 2 – hours and benefits
 Paul Suff presents the results of the fifth *Occupational Health [at Work]* pay and benefits survey, examining hours, benefits and career prospects.
- 34 FEATURE**
THOR – the strength of OH data. Part 2 – research
 The Centre for Occupational and Environmental Health has been collecting OH surveillance data for a quarter of a century. Melanie Carder and Raymond Agius focus on the research outputs and how these have evolved to provide practical data for practitioners, policymakers and epidemiologists.
- 38 EXPERT WITNESS**
Is there a duty of disclosure?
 There are occasions where it is justifiable to disclose confidential patient information without consent, but is there ever an *obligation* to disclose? Diana Kloss explores the issues for OH professionals.
