- 13 FEATURE**
The OH marketplace
 The market for managed OH services has grown enormously over the past few years, but economic recession and skills shortages may prevent further expansion. Paul Suff reports.
- 17 FEATURE**
Back, but not better
 Research examining employees' health, wellbeing and work ability when they have returned to work following a period of absence finds that many continue to struggle with symptoms of depression. Fehmidah Munir and colleagues discuss the implications.
- 21 FEATURE**
The devil is in the detail
 John Ballard takes a critical look at the responses from the government and the devolved administrations to the *Black Review of the health of Britain's working age population*. He asks what role the HSE's new strategy, *The health of safety of Great Britain: be part of the solution*, has to play?
- 27 FEATURE**
Healthy Minds at Work
 In part two of our series looking at the Healthy Minds at Work programme in Wales, Professor Andy Smith and colleagues focus on a project investigating stress in those starting work.
- 30 FEATURE**
Work-related stress
 John Hamilton sets out the arguments for revising the legal system with regard to work-related stress. He puts forward a new approach that seeks to better protect both employers and employees.
