Sharp as a needle
 With domestic legislation transposing EU directive 2010/32/EU on the prevention of sharps injuries in the hospital and healthcare sector due by May 2013, John Ballard examines the latest bloodborne virus exposure data from the Health Protection Agency and speaks to consultant epidemiologist Dr Fortune Ncube about the agency's new surveillance project.
- 21 FEATURE**
Energising mental fitness
 Tackling mental ill health among its more than 15,000-strong workforce in the UK is a priority at EDF Energy, and has resulted in a reduction in both the number of employees showing work-related psychological difficulties and sickness absence from work-related ill health. Paul Suff reports.
- 25 FEATURE**
Trust physiotherapy – it works!
 Clinical physiotherapist Jonathan Sheppard describes the outcome of a 12-month trial of a OH physiotherapy service at Ashford and St Peter's Hospitals NHS Foundation Trust designed to help staff with musculoskeletal disorders.
- 29 FEATURE**
Fit to study?
 In 2002, the Department of Health announced that health screening would be mandatory for all new healthcare students. Here, Dr Nigel Wilson outlines the work of the Higher Education Occupational Physicians/Practitioners group to produce a set of fitness standards.
- 32 EXPERT WITNESS**
What about the workers?
 Legal expert Diana Kloss explains how employment law distinguishes between different groups of people at work.
