**OH legal and practice update 2015**  
 The 11th *Occupational Health [at Work]* legal and practice update provides a comprehensive review of recent and forthcoming OH-relevant changes to law and practice, including health and safety regulations, codes of practice and professional guidance.  
 Important updates include: the new cap on Access to Work grants for people with disabilities; an upcoming Court of Appeal hearing on adjustments to sickness absence triggers for those with disabilities, and revalidation for nurses – set to begin in December. Other domestic updates include: a law prohibiting driving under the influence of certain controlled drugs; the right to request flexible working extended to all employees; and the right for ‘maternity’ leave to be shared between parents. In Europe, the forthcoming EU data protection regulation should provide a single personal data processing system across all EU member states.
